

Bhauso A. Shinde

Mobile : - (India) +91-8275117308

Email : - bhausoshinde2000@gmail.com

Career Objective:-

- Results-driven Software Engineer with 1.9+ years of experience in web development, recognized for adaptability and continuous learning, problem-solving excellence, and building high-performance applications.
- Strong team player with sharp analytical, communication, and problem-solving skills, focused on delivering efficient and precise solutions.

Technical Competencies:-

Back-End Development:

- **Proficient in developing applications** using Node.js, Express.js, and RESTful APIs
- **Strong knowledge of JavaScript, TypeScript**, and working with NoSQL databases such as MongoDB, using ORMs like Mongoose
- **Proficient in writing queries** and working with NoSQL databases for efficient data management
- **Experienced in Agile methodologies** and proficient in the Software Development Life Cycle
- **Familiar with Spring Boot** for developing RESTful APIs

Front-End Development:

- **Practical knowledge of:** HTML, CSS, JavaScript, React.js, and React Native (Android)
- **Strong knowledge of TypeScript**, ensuring robust and maintainable code
- **Experience with React** for building interactive and dynamic web applications
- **Experienced with React Query** for data fetching
- **Proficient in using Redux** for state management

Familiar IDEs & Tools:

- **Proficient in:** VS Code, GitLab, Bitbucket, and Postman
- **Proficient in integrating third-party libraries, APIs, and payment gateways** like MangoPay and Stripe using Node.js
- **Experience with:** Firebase push notifications, Google API integrations, and real-time communication using WebSockets and Socket.IO in Node.js

Experience Summary:

- **Company Name:** SpidronTech LLP, Pune
- **Designation:** Assistant Software Developer
- **Duration:** May 2023 – Present
- **Company Location:** Pune, Maharashtra, India
- **Role:** MERN Stack Developer
- **Total Experience:** 1.8+ Years

Project Experience:-

Customized CRM:

- **Developed a customized CRM for the Business Services industry** to manage and track projects from initiation to delivery using **Node.js** and **React**.
- **Implemented task management, project performance tracking, and communication features** for seamless collaboration.
- **Built functionalities to manage leads, contacts, proposals, and project workflows** with **Node.js** for the backend and **React** for the frontend.
- **Designed and managed a dynamic, user-friendly UI** in **React** for an enhanced user experience.
- **Conducted end-to-end testing** to ensure smooth functionality across the application.

Luggage Transportation Application:

- Developed a platform to connect luggage senders and travelers for transportation across cities, states, and countries using Node.js and React.
- Created a workflow for seamless transaction between senders and travelers, allowing users to swap roles.
- Integrated third-party services like Stripe for payments, Bcrypt for password security, and Nodemailer for email notifications.
- Built a smooth system for luggage pickup, transportation, and delivery with React for the frontend and Node.js for backend logic.
- Used MongoDB for data storage and Mongoose for object mapping, ensuring efficient data management.

Online Marketplace for Selling Collectibles:

- Developed an E-Commerce application for selling collectibles, ensuring high performance and reliability with **Node.js** and **React Native**.
- Built task-based **RESTful APIs** with **Node.js** and implemented **authentication and authorization** mechanisms using **JWT**.
- Integrated **Stripe** for secure and seamless transactions.
- Implemented dynamic product activation and deactivation based on date and time, enhancing platform flexibility.
- Used **MongoDB** with **Mongoose** for efficient data management and storage in the backend.
- Designed a user-friendly mobile application with **React Native** for seamless product browsing and transactions.

Technologies used:

Node.js, Express.js, React Native, MongoDB, Stripe API, JWT Authentication and Axios.

Academic Qualification:-

- **B.Tech from Dr. J. J. Magdum College of Engineering, Jaysigpur with 8.0 CGPA in 2022.**
- **HSC from Govindrao Junior College Ichalkaranji with 82.15 % in 2018.**
- **SSC from Maharashtra Secondary and Higher Secondary Education Board with 85.80% in 2016.**

Declaration:-

I hereby declare that the information's mentioned above are true to the best of my knowledge and belief.

Place: Pune, Maharashtra
